

Just for openers

P.O. BOX 106 TRUMBULL, CONNECTICUT 06611

In the October, 1982 issue, I indicated the January issue would feature a number of new discoveries. Unfortunately remodeling of my basement this past fall did not go as quickly as scheduled. Consequently, my new darkroom was not finished in time for photographing and printing discoveries for this issue. Ed Kaye came to the rescue by enlisting the services of his new computing and bringing the catalog of openers up to date. For ease of reading I have transcribed the computer printout to type and you will find enclosed herewith seven pages of additions.

Joe Balaban has finalized plans for the 1983 convention. A registration form is enclosed. If you plan to attend, please submit your form to Joe as soon as possible. The more notice you give him, the better he will be able to iron out all details. If this year is half as good as last year, you'll have a great time!

Mary Garatti advises that no one responded to the contest on page 2 of JFO No. 16. She wrote to the producer of the television show asking about the brand of the opener, but had not received a reply as of Dec. 1, 1982. She will let us know if anything turns up.

Gary Deachman writes that the Colorado opener collectors are excited about holding the 6th annual opener convention in Colorado in 1984. You will note a number of Colorado collectors on the JFO list!

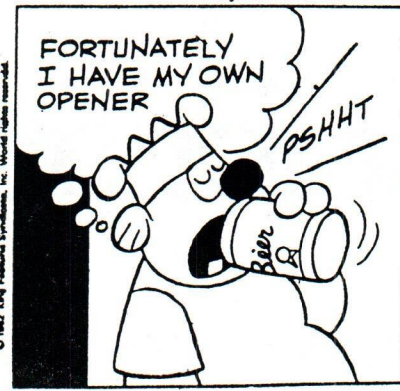

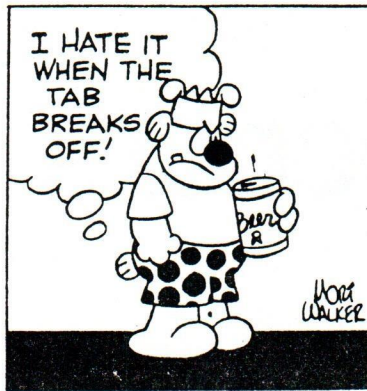

Art Santen still wants help with the addition corrections per his "No opener" lists. On Nov. 29 Art had 10,074 openers in his collection!

In Joe Cardone's 7th mail consignment auction a total of 160 out of 174 offered were sold for a total of \$1,115.67...an average of \$6.97 per opener. In auction 8, 149 out of 173 pieces offered brought \$972.20 or an average of \$6.52 per opener.

The long awaited Brau Haus auction #6 from Herb Ashendorf should be out during January, 1983. I wrote up the openers over Christmas ... you will find that it was worth waiting for....

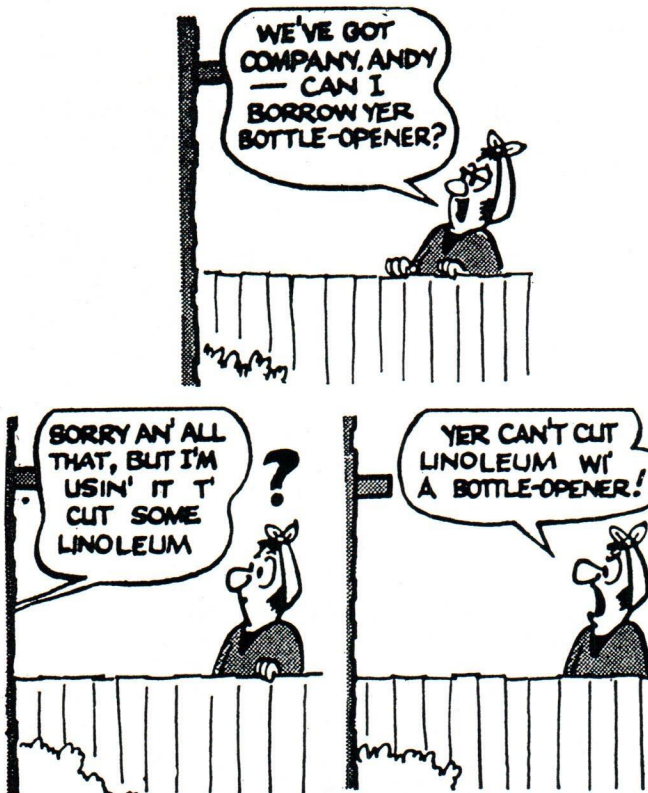

Deadline for the April issue is March 1, 1983. Submit all news, discoveries, classifieds, etc. to:

P.O. BOX 106 TRUMBULL, CONNECTICUT 06611

Ed Kaye's undying devotion to the growing catalog of openers brings the total listed openers to the 7725 mark. This is a combination of the openers listed in BEER ADVERTISING OPENERS - A PICTORIAL GUIDE, The January, 1982 issue of Just for Openers, and the following pages.

All opener types listed in this issue are pictured in the Price Guide with the exception of those types reported after its publication in the "Discoveries" section of the July, 1981 and April, 1982 Just for Openers.

To date the following quantities for each type have been reported:

A - 496	B - 1430	C - 719	D - 117
E - 1743	F - 150	G - 272	H - 268
I - 1453	J - 239	K - 18	L - 67
M - 225	N - 124	O - 55	P - 320
Q - 4	R - 17	S - 2	T - 5
Z - 1			

If you have reported additions to the catalog and they do not appear in this listing, they may have been received too late. Ed will continue to work on the catalog of openers. If you have openers of known types which are not listed, please submit descriptions to Ed using the following guidelines:

1. Be sure your opener isn't already listed. If a brewery name is on the opener, the alphabetical listing is usually by brewer rather than brand. Although each submission is checked for duplication, some unavoidably slip through. Check the brewery first. Double check submissions.
2. When there is no brewery name, listing is by brand name.
3. If possible, list in order of type and number.
4. Report exact wording on opener. Do not abbreviate unless the abbreviation actually appears on the opener.
5. The slash marks (/) are used to separate info from the obverse and reverse of the opener.
6. Mail additions to: Ed Kaye, 1840 Major Drive, Golden Valley, MN 55422.

Once again a special "Thank you" goes out to all who submitted additions. Without your help, this growing reference work would not be possible.
