JUST FOR OPENERS

701-E AUDUBON LAKE DR. DURHAM, NC 27713 919-361-0120

The 1994 Convention is fast approaching. It is not too late to register. Remember the hotel registration cutoff is April 14th. After this date members can still register but the hotel will not guarantee the room being near other JFO members. (See Page 2)

1994 HANDBOOK

The 1994 Handbook of Beer Advertising Openers and Corkscrews was finally sent out February 24th. I do apologize for the late delivery date. At the last minute I decided to add information about each type and attempted to cross reference any similar openers or corkscrews. Printing of the new handbooks was delayed another week due to our vacation. Hopefully everyone will be satisfied with the new book.

Future plans call for a cross reference by brewery, brand, city, and state. There are approximately 14,000 listings. Types 'A' and 'B' have been completed. The biggest problem is that I am not a real expert on what breweries many brands come from and what town and state many brands are from. If anyone would like to help with this endeavor please let me know.

DEDICATION

Unfortunately we lost another member very close to many of us. On February 2nd Bob Van Vactor passed away. Bob was one of the old-time members. He was an ardent collector of Missouri and Storz breweriana, especially openers. Bob will be missed by all. The following information appeared in his obituary.

He was 69 years of age, a lifelong resident of Stanberry, MO, a Navy veteran, and had been employed by St. Joseph Tobacco Co. He was a member of St. Peter's Church in Stanberry, Knights of Columbus and Raymond Sager American Legion Post No. 260. He had been a volunteer at Camp Quality, a summer camp for children suffering from cancer, for two years. (A donation to Camp Quality was made from JFO.) In 1944 he married Marguerite "Peggy" C. Burkert at Calistoga, CA. She died in 1990. Three sons and three daughters survive.

Bill McKenzie Fund

Many thanks to the members who sent in donations for Bill McKenzie. A check for \$600 was sent to Bill on February 14th and additional donations are still coming in.

Please remember to bring a display if possible!!! Sharing the good openers from your collection helps to promote Just For Openers.

1995 CONVENTION-VOLUNTEERS

Just For Openers is looking for anyone or a group of people who would like to host the 1995 convention. Hosting a convention is not as difficult as one might think. The host receives plenty of support from other members. My wife has put together a "How To" book with many helpful tips on hosting a convention.

The usual times are the 3rd or 4th weekends in April (Mid-April or Early May would also be acceptable). We are basically looking for a motel/hotel that would allow a group of 50 to 100 people to get together. The host arranges a setup with a motel/hotel in their area. The main requirements for a motel/hotel setup are securing a group of 20 to 40 rooms as close together as possible for the convention, a hospitality room, and a Saturday show room for the Convention Show open to the public. The host can but does not have to provide a convention opener (reimbursement coming from the sale of the opener) and possibly group tours, luncheons or dinners.

Just For Openers has yet to have a convention in the far west. Denver has been host to two conventions (1984 and 1985). With 21 members from California, maybe the time has come for a "49er" get together. Anyone interested in hosting a convention, please contact your editor, John Stanley. The 1995 Convention site will be discussed in detail at the Reading convention.

"CORRECTIONS", NEW "ADDITIONS" & NEW "DISCOVERIES"

Please send any corrections, new additions or new discoveries to the editor, John Stanley. When sending in new additions if possible try to send in xerox copies of the additions (front and back). This helps in catching mistakes and verifying the opener type. For new discoveries a good photograph or drawing is best, but xeroxing is fine if that is the only means you have. When xeroxing, it is usually best to set the machine on its lightest setting.

MEMBER'S UPDATE

Member's Update section will hopefully be a way of letting everyone know about the condition of members who are not doing well or who have passed away. Members not doing well would certainly like to receive a card or call wishing them well.

Bill McKenzie: Bill wrote the following message for this issue. "To my friends, I just want to let you know I am doing fine and that I am now working part-time. I can't tell you how much your help and support have meant to me and my family. You are the best friends a person could ever hope to have. Collecting openers has been an important part of my life and has helped me through these difficult times. I am planning to attend this year's convention and hope to see everyone there". Bill

Spouse's Corner Questionnaire in This Issue

Just as promised the Spouse's Corner is making it's debut in this issue. Your Editor, John Stanley, begs you to respond, or his spouse, Pat will submit her own article in the July issue. It may not be good for your editor if she is allowed to discuss a subject as delicate as my favorite pastime!!! (Building a home way behind schedule is enough stress!)

Will JFO Pass the Test of Time

by Pat Stanley

Every April a core group of members gather for still yet another Annual JFO Convention. I dare not calculate the average age, but I can say it's getting higher.

We worry if we will see some of the old-timers each year and are delighted when they show up, some of them more active than those much younger (maybe collecting is good for your health).

So, the question is raised, "Are our members mentors to their children, nephews, nieces or someone interested in carrying on our club?"

Please answer the Questionnaire "Passing the Test of Time" and submit to the Editor. The responses will be summarized in the next issue.

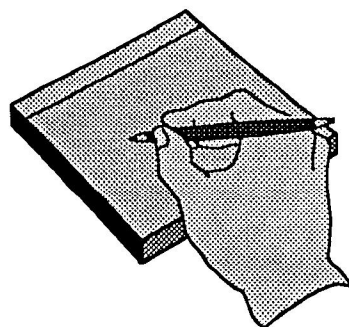

Before the Questionnaire, an announcement is presented to see if you read every detail of your newsletter. Roger Jarrell, the host of the 1991 Convention and his wife, Janice, after 17 years of marriage hope to have someone who will want Roger's openers some day, their first child due early in September.

Now, if you don't have someone interested in your collection, do something, but not necessarily quite as dramatic as the Jarrells.

"Passing the Test of Time"

- (1) Do you have someone who is extremely interested in your collection, other than members who are pushing up the average age of the club already?
- (2) Do you have your collection inventoried, including values so someone could educate themselves if one day they become very sentimental about something that you thoroughly enjoyed?
- (3) If you are not currently a mentor to someone who would carry on JFO, will you commit to doing something about that in 1994 while the opportunity to teach someone about Openers is still Open?

Spouse's Corner

by Pat Stanley, the Editor's Spouse

All the Spouse's I've met are interesting individuals themselves. So it's time we told *our* stories. How do we spend our time? How do we live with someone with some rather *different* obsessions (nicely stated, if I do say so myself).

Please take time to respond to the following questionnaire, even if you don't submit it. You may have fun reflecting on some memories and may even learn some things you hadn't thought about before.

I will take your responses and compose a short narrative and send it to you to edit before it is published.

JFO Member _____ Spouse _____

- (1) How do you explain that your spouse collects openers? (this could help others)
- (2) Was your spouse a collector before you met him/her?
- (3) What do you collect?
- (4) Was collecting already part of your life, or did you get hooked after your spouse became a collector?
- (5) How much do you know about your spouse's opener collection?
- (6) How much does your spouse know about your collection(s)?
- (7) How long have you been married, anyway???
- (8) Do you go with your spouse when he/she goes on an opener hunt?
- (9) Can you describe the strong addiction one can have for collecting?
- (10) What amazes you most about your spouse's love of openers/corkscrews?
- (11) What is the funniest "collecting" story you ever remember?

Thank You for Your Contribution, Please Send to Pat at the Editor's Address

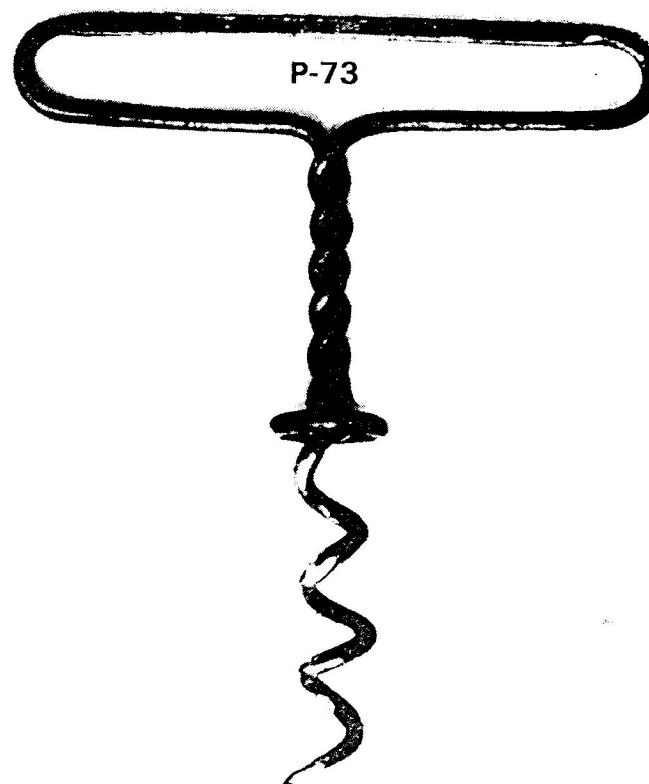

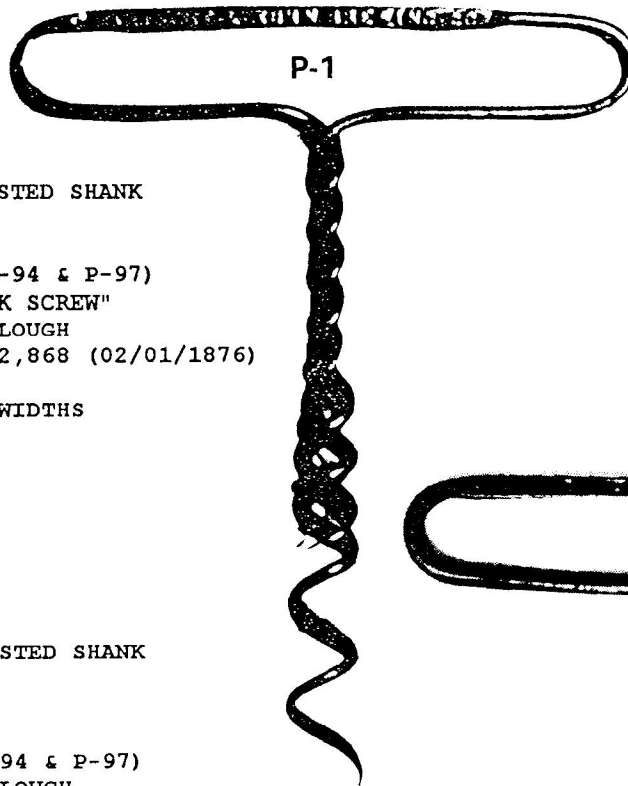

P-1, P-73, P-88, P-89, P-94 & P-97 What's the difference?
--

While working on the 94 Handbook, many opener categories appeared to be duplicated. One of the more confusing groups were the 'All Wire' type corkscrews. The following listings and descriptions are in the new handbook. First off I would like to ask our corkscrew experts, are these descriptions accurate? Secondly, what is suppose to be the difference between the P-88 and the P-97? Finally, what is the difference between the P-73 and the P-89? Maybe the members who sent in the types as new discoveries could give their reasons for doing so.

Some members have told me to use the length and width of these types to tell them apart. The problem with length and width is that all the wire types would be in different categories because the handle width depended on the length of the company name or brand and the screw length can really vary with almost any type of corkscrew. My suggestions are that the types should be differentiated by screw type (single or double helix), by shaft type (twisted or straight wire), and by cork stopper type (stopper or no stopper button). Comments and opinions are welcomed.

TYPE "A" OPENER VALUES

Starting with this issue I will begin listing values for different opener categories. Many requests from new members for opener prices or values have been sent to me. Outside of following auction prices, the only source for values was Don Bull's A Price Guide To Beer Advertising Openers and Corkscrews. This valuable work was published in 1981 and is currently out of print.

My original intent was to add values to the new 1994 Handbook of Beer Advertising Openers and Corkscrews, but I believed it would be better to present this information in the newsletter. Using the newsletter would allow all members to add their input. The values presented for the 'A' types below are strictly my opinion. Of course condition, scarcity, and demand are the most important factors in determining value.

A-1	10-30	A-15	15-40	A-29	5-35	A-43	50-100
A-2	5-10	A-16	25-60	A-30	25-50	A-44	20-40
A-3	10-20	A-17	15-40	A-31	20	A-45	35
A-4	10-35	A-18	15-35	A-32	10-50	A-46	35-50
A-5	5-25	A-19	100	A-33	50-100	A-47	100
A-6	15	A-20	10-25	A-34	50-100	A-48	25
A-7	15-30	A-21	2-20	A-35	15-35	A-49	100
A-8	35	A-22	100	A-36	10	A-50	35
A-9	35-75	A-23	10-25	A-37	100	A-51	100
A-10	100	A-24	35-75	A-38	25-100	A-52	35
A-11	75	A-25	25-100	A-39	25	A-53	40-50
A-12	10-25	A-26	25-100	A-40	100	A-54	75
A-13	35-75	A-27	75	A-41	100	A-55	35
A-14	100	A-28	10-35	A-42	25-50	A-56	10

Please use the following guidelines when using these prices:

- 1) **Condition** Prices are for openers in at least excellent condition.
- 2) **Scarcity** Openers with the highest prices are generally the hardest to find openers especially in nice condition. Several of the 'A' types have few examples known and this is reflected in the price.
- 3) **Demand** Malt companies or the more common brewery names are at the low end. Small breweries or breweries in business for a short time bring the highest value. Also certain areas of the country have more collectors looking for openers from that area (Ex: Missouri or Pennsylvania).

Also note that the more expensive types have been known to bring more than values shown (Ex. an A-40-2 in excellent condition has brought \$171 at auction and I have paid \$125 for an A-19-2 in good condition). Types A-25, 26, & 38 have a wide range due to the amount of enameling left on the opener. Full enamel and scarce brewery name brings the highest value.

"OPENER/CORKSCREW ACQUISITIONS"

Bob Van Vactor wanted his collection kept in the "Missouri" family. Bob's collection consisted mainly of Missouri and Storz openers. Don Whelan bought Don's collection. Don will be bringing duplicates and a number of 'B's to the convention for trade or sale. He may also trade non-duplicate openers for 'Schlitz' or opener types that he does not have.

Grading: M-Mint, E-Excellent, VG-Very Good, G-Good, and F-Fair

In mid February Pat and myself were in Florida to see Pat's parents. On the way home we stopped in to see Dale and Florence Deckert. Dale is a major collector of all openers especially cast iron wall mounts. His collection now contains in the neighborhood of 25,000 openers and corkscrews. Even though we stayed five hours, viewing Dale's collection really needs a couple of days to take in everything. After working out a trade, Dale received a cast iron opener (Hauenstein Pretzel) and a brass donkey (marked 1948 Phila.). I took home 29 openers (19 E types, a B-31-UL, a B-48-UL, a N-43-Peter Bub, a G-21 Old Heidelberg, and six other A & B types advertising sodas). Dale has bought out several collections and has one of the foremost collections of wall mounts in the country.

In late February I went to the 15th Annual Blue-Gray Breweriana Show in Fredricksburg, VA. Contact Ray Johnson (703) 971-3549 for details. A fair amount of openers and corkscrews were available for sale. I picked up the following openers and corkscrews, a P-8-65 Atlanta (E, \$35), a M-6-6 Wagner (VG, \$40), a B-42-8 Mathie (VG, \$25), a N-26 Richbrau (E, \$25), and a R-3-6 Iroquois Brass Indian (E, \$20). The R-3-6 is listed as being 5 lines. The R-3-6 I bought has 3 lines. Are all R-3-6s 3 lines or does someone have an R-3-6 with 5 lines?

Larry Moter, a JFO member, was also at the show. Larry collects 'E' types and we did some trading. I received a M-6-3 Hopfheiser (VG), a C-11-38 Atlanta (F), and a B-27-5 Asterweiss (E) from Larry. Larry plans on being at the convention in April. He would really love to find an E-3-56 Abner Drury from Washington, D.C., if anyone has one up for grabs. Larry found the following E-8 at the Blue-Gray Show. It reads "Simmons & Graham LTD Parramatta / Brewed Hop Beer Aerated Waters". It the opener English? Does anyone know what Parramatta is? If anyone has any answers please let me know.

Anyone wishing to have their finds listed in this section please just let me know.

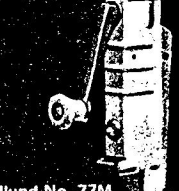

"CAN OPENER WEEK"

Joe Young ("Tin Can Opener Man") of Elgin, Illinois responded with the ad on the following page about "Can Opener Week". Joe states that "Can Opener Week" was put on mainly by the large can manufacturers as a way of advertising their products. The event occurred for several years during the 1950s. The following ad is from the Saturday Evening Post.

16th Year, Issue #62
Can Opener Ad

This advertisement appears in the April 30, 1955 issue of *The Saturday Evening Post*.

 Blue Streak No. A-349-1	 Best No. 170
 Flint No. 891	 Flex Roll Champion
 Zim-matic No. Z-12M	 Magic Hostess No. 5311
 Magna-matic	 Dazey No. 88AC
 Can-O-Mat No. DL 245	 Swing-A-Way No. 1209
 Edlund No. 77M	 Look for this C.M.I. Seal of Approval on the can opener you buy.

Open cans blindfolded!

Sure you can, because the modern can opener is right there on the wall when you want it, ready to give you finger-tip access to the world's best foods.

It's such a convenient arrangement! Until you're ready to get at those delicious foods with your modern can opener, they're neatly packaged and protected in cans. Billions of these cans yearly are made of dependable-quality tin plate supplied by Jones & Laughlin Steel Corporation.

And the job of getting at innumerable varieties of canned foods is a joy if your can opener wears these words: C.M.I. CERTIFIED MODEL. That's the Can Manufacturers Institute Seal of Approval, given after the can opener has passed rigid tests!

The Seal of Approval assures you that the can opener is safe, smooth-working, grasps the can readily, takes little effort, and it's off with the lid the first time around. It's so easy to use you actually *could* open cans blindfolded if you wished.

You can buy one of the many CERTIFIED models at your nearest department or hardware store. CERTIFIED can openers open cans better.

May 3-8 is National Can Opener Week!

ANOTHER VAUGHAN ADVERTISEMENT DISCOVERED

Thom Thompson has turned up another piece of advertising for Vaughan Openers. The following ads are from The Southern Carbonator and Bottler. The ads are dated March and May 1914. I believe these are the earliest Vaughan ads known. Thom has the foremost collection of Coca-Cola openers in the country. He is always looking for advertising ads featuring openers or corkscrews and of course Coca-Cola openers.

Previous Vaughan Catalogs shown were a 1922 Catalog shown in A Price Guide to Beer Advertising Openers and Corkscrews, a 1935 Catalog in JFO Issue #12 October 1981, a 1925 Catalog in JFO Issue #19 July 1983, and a 1919 Catalog in JFO Issue #40 October 1988.

A couple of notes about these ads. Type A-16 is called a "Moose Head". Later catalogs refer to an A-16 as an "Elk Head". JFO type B-9 is described as a "Cigar". Maybe type B-9 should be an "A" type.

BOTTLE OPENERS

Advertising Articles That Are Always Popular.

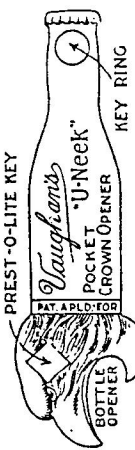

Put your "Ad" into the hands and pockets of men to stay at small cost. Our line is full of popular designs. Made to slip onto key ring. All provided with Prest-O-Lite keys, making them especially acceptable to autoists. These dainty pocket pieces are used not only by men, but are also universally needed by the housewife for opening catsup, syrup, bluing, vinegar and all sorts of bottled goods which are now so generally capped with the "Crown" cap.

**VAUGHAN'S IMPROVED NEVER-CHIP
CROWN BAR OPENERS**

Are sold throughout the world, and has saved
the bottling trade millions of dollars. THE REA-
SONS WHY:

The Only Bar Opener Made—

Which is FLEXIBLE.

Which will remove any standard Crown made,
without chipping the bottle.

Which does not pry the Crown off—

Which has an upturned edge and lifts the
crown off free and clear.

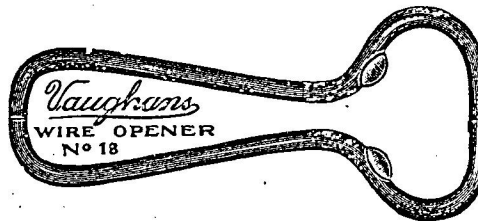

Which has both an upturned edge and groove.

Which has a groove, or slot, acting as a brace, preventing bottles from slipping.

Which is made to spring away from the wood at the base, acting as a cushion,
thus saving heads of bottles shoved carelessly, or too hard, against the Opener.
Which is packed separately in a neat carton, with two screws, ready for dis-
tribution.

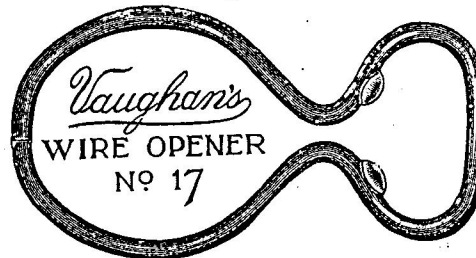

Which is appreciated as a gift.

AUCTION NEWS

Joe Cardone's Auction. Joe Cardone has been running monthly auctions since JFO started in 1979. He usually offers between 200 to 400 openers/corkscrews each auction. The main emphasis is on beer advertising openers. There is no charge for the auction. Anyone interested or anyone wanting Joe to sell their collection should contact **Joe Cardone, 1833 Rosemont Blvd., Dayton, Ohio, 45420**

If you do receive Joe's auction, please try to bid on something. Joe will send you the next auction as long as you are an active bidder. If you do not bid, he will not send you the next auction.

Lynn Geyer's Advertising Auctions are offered once or twice a year. The main emphasis is on breweriana. Some openers and corkscrews are offered. For \$20.00 you receive a very nice auction catalog. Auction 17 just closed in December. Interested parties contact Lynn Geyer's Advertising Auctions, 300 Trail Ridge, Silver City, New Mexico, 88061 (505) 538-2341

Fink's Off The Wall Auctions. The main emphasis is on Beer Advertising Labels, but the latest auction that just closed March 30th and April 1st offered many openers. The cost is \$12.00. Contact Finks Off The Wall Auctions, 108 E. 7th St., Lansdale, PA, 19446-2622 (215) 855-9732

If any member knows of other opener/corkscrew auction services, please let me know.
