The 1996 Convention is less than a month away. It's not too late to register so **Do It Now!!!**

Please Check into the Hospitality Room First before Checking Into your Hotel Room

JFO has been assigned floors and Norm can let you know what rooms to ask for

Make Reservations at the Hyatt Lisle by Calling 1-800-233-1234

Bring "Any Kind of Openers" and "Any Kind of Corkscrews" For Sale & Trade

Bring All "Breweriana" and Any Advertising pertaining to "Chicago"

Bring a Display of Any Openers or Corkscrews

Bring a "Best in Show Award" Display (only 1 item with beer advertising)

Membership Cards

After much debate between Pat and myself, I decided to discontinue issuing membership cards. The time spent producing these cards and making sure everyone received one could be better spent in other areas. JFO does not require the card be used for identification. It was just a personal memento. Since memberships can now start with any issue during the year maintaining a list of who had received one was taking more time than it was worth. Finally the reason cards were not given out in the January issue was that Pat fractured her foot and could only accomplish basic necessities. Alternate ideas are certainly welcomed.

1997 Convention Set for Buffalo, NY (April 23rd to 27th 1997)

Mark Barren has signed a hotel contract and details are going nicely for the 1997 convention.

1998 Convention San Francisco, CA ???

John Cartwright is thinking about hosting the 1998 Convention in the Bay Area. He is in the process of checking out potential hotel sites and any help or support from local members would be appreciated. California has the most JFO members so please consider helping John.

Member's Update

Bob Nugent, an avid collector of corkscrews, can openers and smoker tools, passed away January 4th at the age of 85. He was a JFO member since 1984 (member #355) and a member of the ICCA (International Correspondence of Corkscrew Addicts) and CCCC (Canadian Corkscrew Collectors Club). He and Peg faithfully attended JFO conventions and his knowledge and willingness to share it will be missed by JFO members. Bob and Peg stayed in Durham until Monday at the 1990 convention and Pat and I had the pleasure of spending Sunday afternoon with them. We had trouble keeping up with them! What an inspiration to be with two people who were living life to the fullest. That evening Roger and Janice Jarrell joined us, as the Nugents and ourselves had dinner at a brew pub in Raleigh. One of the great things about hosting a convention, is that you have the wonderful opportunity of getting to know the members on a more personal level. That day is one we will all cherish.

Ron MacLean did the following write-up for the CCCC (Canadian Corkscrew Collectors Club).

**Robert P. Nugent
(1910-1996)**

The corkscrew world lost a great friend on January 4, 1996 with the unexpected death of Robert (Bob) Nugent.

Bob started collecting corkscrews seriously in 1975 after moving to Deering, New Hampshire following his retirement from the United States Army, where he served overseas in Germany and the Philippines during W.W.II. With his demonstrated addiction, he was made a member of the International Correspondence of Corkscrew Addicts (ICCA) in 1977. Bob was elected Right of the ICCA in the Fall of 1983 serving in that office until the Fall of 1985.

Bob joined the Canadian Corkscrew Collectors Club (CCCC) in 1986. He always produced superb Best Sixes, wrote numerous informative articles on his beloved corkscrews and never missed an ICCA or CCCC Annual General Meeting.

His amassed collection was astounding, featuring corkscrews covering a wide spectrum from every corner of the globe. Those of us privileged to view the results of his passion were indeed humbled by seeing and holding items that most of us had only dreamed of acquiring.

Bob was never happier than when pursuing the elusive "scrue" with Peggy at his side. The rest of us had a difficult time keeping up as he relentlessly searched for his "next great find".

Bob was a very special man, Those, lucky enough to know him can attest to his love of life, his wit, his knowledge and his wisdom. His contribution to the world of corkscrew collecting was enormous. Not only did he generate much valuable information, he was also the fountain of knowledge that kept the rest of us right!

Our thoughts at this time are with Peggy, daughter Sandi and Family.

We have lost a true collector and a great man. We will miss him deeply.

A-21 Jack Daniels & G-41 Rolling Rock Openers

The A-21 Jack Daniels spinner opener shown on the front of the October/95 JFO issue can still be ordered from the brewery. Please note that delivery time is very slow. Several members reported taking anywhere from 4 to 6 weeks to get their openers.

The G-41 Rolling Rock bottle opener was offered in the last issue. I quickly sold the original 40 openers that Harold Queen obtained for me. These openers were painted green, white and blue. Harold obtained 60 more for me and these openers are not enameled and are a grayish looking metal. Both are great looking openers. Harold was told by the manufacturer that the painted opener was the 95 edition and the base metal opener is the 96 edition. Unfortunately I have almost sold out of the 96 edition openers. I will bring the remaining inventory to the Chicago Convention.

Cincinnati Beer Openers and Corkscrews
--

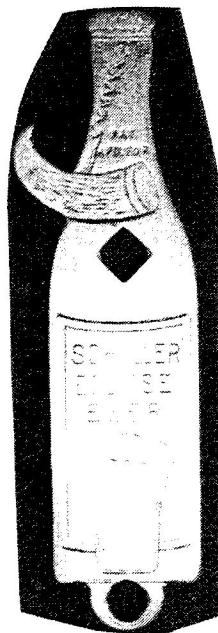

On the front page is pictured an A-53-4 Home Brewing Co. opener from Cincinnati, Ohio. The opener came from the John Horn Collection. It is a very tough type to find in beer and as far I know the only known A-53-4. Henry Smith was nice enough to loan me photographs of his opener collection. Henry specializes in Cincinnati area breweriana. He has a lot of wonderful openers and a very tough corkscrew type from Cincinnati. The following two pages are some of his best openers.

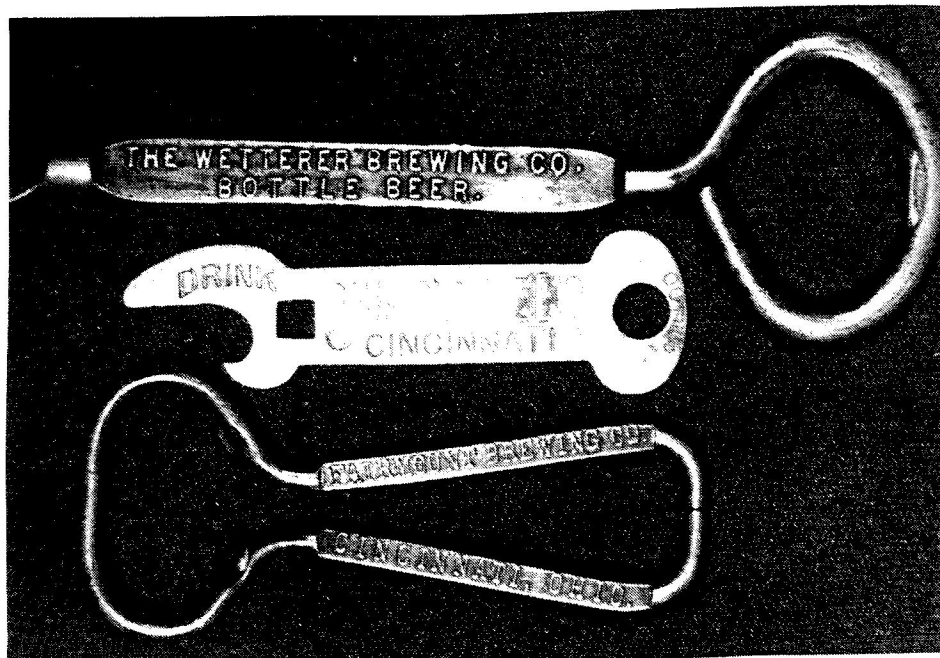

G-5-8 Wetterer

G-5-28 Jung

G-5-14 Lion

A-28-22 Schaller

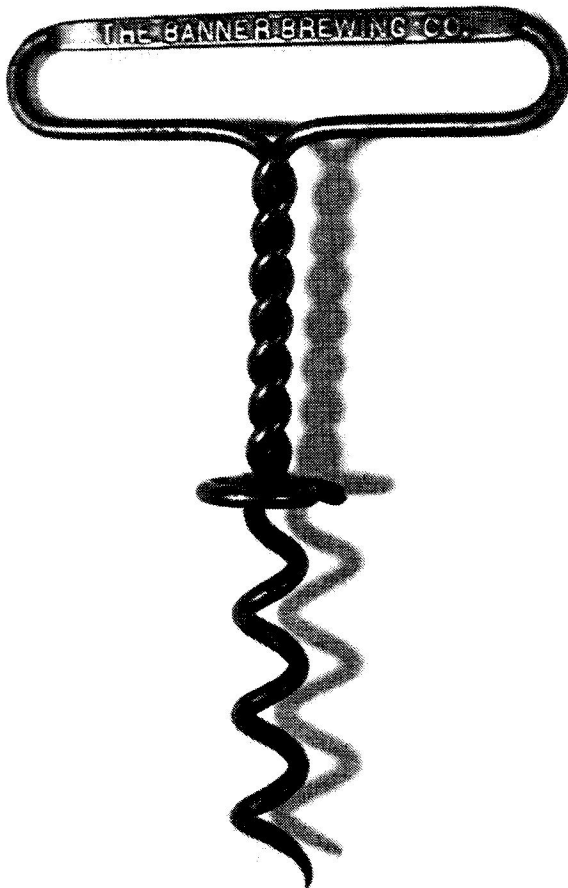

F-6-57 Wetterer

B-22-30 Jung

E-8-73 Fairmount

A-15-35 Crown

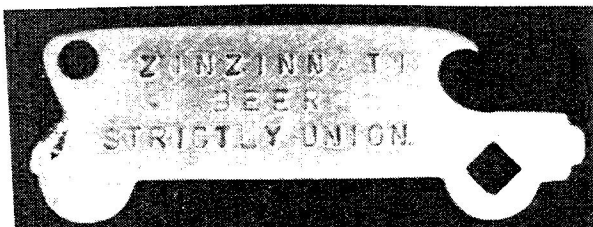

B-29-4 Gambrinus

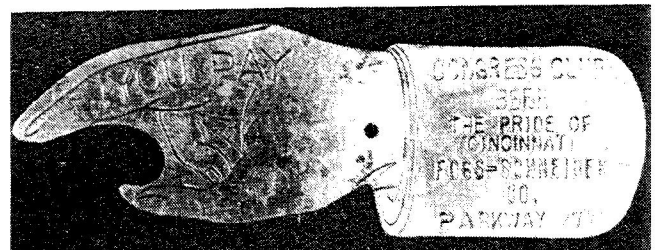

B-18-344 Schaller

B-21-UL Crown

A-13-8 Zinzinnati

A-21-39 Foss-Schneider

The A-15-35 Crown, E-8-73 Fairmount, F-6-57 Wetterer and G-5-28 Jung are very hard openers to find. The A-13-8 Zinzinnati Car and B-29-4 Gambrinus are very tough beer types. The B-21-UL is probably one-of-a-kind. The P-73-4 Banner is a very tough corkscrew type and probably the only one known with Banner Brewing Co. advertisement. Thanks so much Henry for your contribution.

Haydock Breweriana Collection Sold to Miller Brewing Company?

Herb and Helen Haydock's breweriana collection has been moved from Ft. Mitchell, KY (Oldenburg Brewery) to Milwaukee, WI. The Miller Brewing Co. apparently has rights to display the collection. The collection is presently in a warehouse and will be displayed when proper housing is built. I received a letter from John Snyder (President of ECBA) reporting this news. JFO had two successful conventions at Oldenburg in 1992 and 1993. Hopefully Herb and Helen can get the collection displayed again with hotel accommodations nearby. Just viewing the huge display at Oldenburg was always worth the visit.

World Wide Web (WWW)

In the new members section the letters WWW appear as the sponsor of several new members. WWW stands for World Wide Web and is the latest craze in the computer industry. It is a wonderful way to communicate with anyone around the world.

Don Bull and Mead Bates both have "Homepage"s. A Homepage is a person's own individual advertisement on the computer network. Don Bull has a corkscrew homepage and his address is [HTTP//HOME.AOL.COM//CORKSKRUE](http://HOME.AOL.COM//CORKSKRUE). Mead Bates has a company homepage for Cymba and his address is [HTTP//WWW.WEBMART.COM/ICC/CYMBA.HTML](http://WWW.WEBMART.COM/ICC/CYMBA.HTML).

I have even received a response from Australia about JFO. Besides the WWW address the following members have E-Mail addresses.

John Stanley	JRS.ADMIN@MHS.UNC.EDU
Don Bull	CORKSKRUE@AOL.COM
Herb Danziger	HKDCFP@OL.COM
Ray Hanson	RHANSON545@AOL.COM
Joe Paradi	PARADI@IE.UTORONTO.COM

If anyone else has an E-Mail please let me know and I will publish it.

Another Way to Clean Openers

Paul Neas sent in the following method of cleaning openers. Prepare a paste of 2 tablespoons of Morton Salt and 2 tablespoons of Lemon Juice. Apply to the rusted area with a dry cloth and rub (or scrub). I haven't tried it but it supposedly works (Lemon Juice is closely related to Oxalic Acid so that is probably the reason it does work).

Soda Handbook in the Works?

The "Soda Handbook" is well under way and many thanks for members who have contributed so far. A lot of nice openers and corkscrews have already been catalogued. Please keep your "Soda Listings" coming in.

Cymba's Latest Bottle Opener Price List

Mead Bates owner of Cymba, Inc. continues to introduce new bottle opener designs. He even brought back an old style, the B-18. The following two pages pictures his latest openers and price list.

*stamp of text or logo one time cost of about \$400 Creating a stamp for your logo and any text is economical if you are going to use the same size mark over a long period of time and a large number of openers. While stamps are expensive to make, they will last somewhere between 500,000 and 1 million impressions.

From the January Issue

Please note that Dale Deckert paid \$7200 Canadian for the Roma Brodeur Collection not \$7000 Canadian as reported. See Dale's Sell Ad for Canadian openers. Hale Milano received several replies about identifying "Suspect I-7s". I am hoping to track down a few more and in a future issue report the results.

Paul Gauvin also found the following article about the "Autoyre Co".

For more than a half century the Autoyre Company has been a substantial contributor to expansion and civic progress in this community.

Autoyre has always been an active concern; steadily increasing its manufacturing potential and expanding with an eye to the future. Everywhere its name is respected for the high standard of material, workmanship and real value its products represents.

From a four-story structure which housed the first plant, the company has grown to occupy a large area on Oakville's main street. This enlargement of its physical properties has been attended by consideration for appearance with attractive planting and artistically appealing stone work that bounds the parking space, and the pond in the rear.

It has a keen appreciation of the obligation it has towards the welfare of the community. This consciousness of civic responsibility is evidenced by its readiness to support all sorts of local activities.

The company shows a lively interest in the young people of the community by making a scholarship available each year to a son or daughter of an employee to be enjoyed for a full four-year college course, or for training in any other area he or she selects. At the present time, the boys are recipients of Autoyre Foundation Scholarships; one at Trinity College Hartford, and one at the University of Connecticut at Storrs.

It is certainly nice to know that Opener Manufacturers supported education.

Below and on the following two pages are listed known openers with advertisement for opener manufacturers or possible salesmen's samples. Only types pictured in the Handbook are listed. If anyone has listings not shown please let me know and they will be added to the list. Many thanks to Don Bull and Bill Pattie for sharing openers from their collections. The number beside each listing is the membership number of the person who submitted the listing (Don Bull-1, Bill Pattie-486, John Stanley-339).

Indianapolis Advertising Show (March 22-24)

Norm Jay reports he had a very successful Indianapolis Advertising Show. Besides picking up some very breweriana in general he found the following openers and corkscrews. An A-24-2 Miller, A-34-1 K & S, B-2-25 Luxus, C-12-UL Wisconsin Co-Operative, F-2-27 Royal Bohemian, L-4-27 Schmidt, P-2-2 Minneapolis "Export Weiner", and P-70-1 Minneapolis "Gilt Edge". Certainly an excellent haul for one show. Most of the items were bought at the breweriana show at Indianapolis.

Unusual Openers and Corkscrews

E-UL-UL

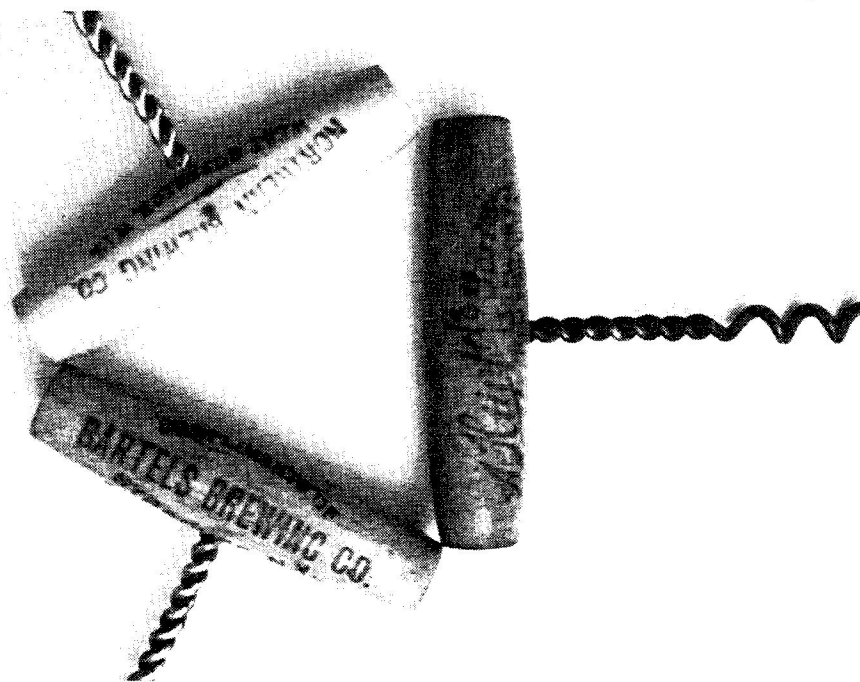

M-3-34 Ruppert (Yellow)
M-73 Electro Chemical (Blue)
M-XX Electro Chemical (Red)

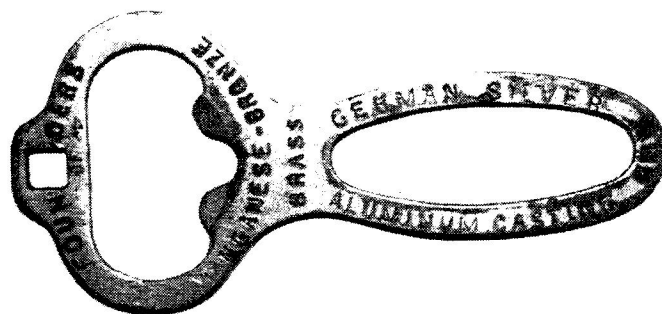

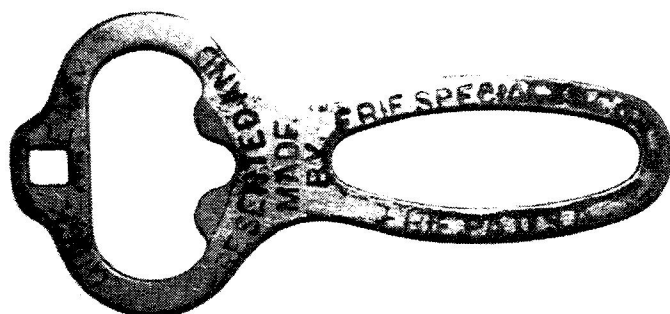

Harold Queen turned up the E New Discovery at a local beer show. He traded it to me and I have since traded it to Larry Moter. The opener reads "Orange Brewery Quality First". The E UL is very similar to an E-21 but this one has an all flat handle and the E-21 has a flat handle only where the advertisement is listed.

Don Bull owns the three openers/corkscrews on the right. The M-3-34 is one of the rarest slide-outs, the M-73 is a rare type with or without beer advertising and the M-XX is only the second one known. The M-73 and the M-XX both have advertisement for the Electro Chemical Company which made slide-out openers and corkscrews. Bob Nugent had turned up the M-XX and Don obtained it when he bought part of Bob's Collection (see the January Issue).

**P-90-1 Northern****P-90-2 Bartels****P-90-3 Hupfels**

I managed to obtain all three of these in the last 15 months. A very tough type to find with beer advertising and I am very fortunate to have all three that are listed in the Handbook.

Very Unusual C-Type made by the opener manufacturer Erie Specialty Co (from the Don Bull Collection). The opener has the following wording:

QUICK AND EASY PRESENTED AND MADE BY ERIE SPECIALTY CO. ERIE, PA. U.S.A. /
FOUNDERS OF MANGANESE-BRONZE BRASS GERMAN SILVER AND ALUMINUM CASTING

**A-16: 1934 Chicago World's Fair****N-7-(With B-18 Body)**

I found the A-16 last fall. It has the initials C. S. on it. Does anyone else have an opener like this and does it have initials on it? John Hall owns the Opener/Cigar Cutter on the right. Type N-7 has a B-21 opener body and this is a B-18 opener body. Again a very tough type to find.

Blue/Grey Show at Fredricksburg, VA (February 16th-18th)

Blue/Grey is the first big show of the year and I have always had good luck finding openers. I usually head up Friday morning and try to arrive by noon as it takes about three and a half hours from Durham. This time Pat wanted to go and it was 7:30 before Cognac (our dog) and her were ready to head out. The weather was not going to co-operate and just outside of Durham the sleet was coming down hard. Pat and I were both very concerned, but even with four stops and numerous slow-downs we pulled into Fredricksburg's Holiday Inn Holidrome at noon. It was about an hour later than I had planned, but with all of the snow (8 inches) it had been a very strenuous trip.

I was walking up to the counter to check in when none other than JFO member Fil Graff is coming through the motel lobby yelling something about he had found it. As he got closer I understood him and he said he already had found the best opener there. From a distance I could see him twirling an opener on his finger. To be honest I got a bad feeling in my stomach. When Fil was ten feet from me I realized he had an A-47 Krug on his finger. Fil had a big smile and said he had found a tough "B" type. After correcting him he of coursed informed me he **did not** have the type in his type collection and it would not be up for trade or sale. Fil said he had gotten it 30 minutes before and added if "I find another one I will let you know". Fat chance of finding another A-47 Krug because his is only the 7th one I know about. It is a super tough type to find and highly coveted by type collectors and Nebraska collectors. By now Pat and Cognac have appeared in the lobby and I must admit I am glaring at her because she had to sleep an extra 45 minutes that morning. That was the difference between me owning the opener and "Smiley Graff" owning it.

Fil was gracious enough to tell me he had bought the opener from Ken Ostrow (one of the top breweriana dealers in the US) and had paid \$100.00 for the opener. I figured with this kind of start this show was not going to be too good. Since we could not check into our room for an hour I wanted to check out the rooms that were open. Fil said Ken had some more openers so we headed to his room. Once in the room Ken Ostrow told me he figured I would buy the A-47 but Fil got there first (Ken doesn't do layaways). Fil of course is boasting about "the purchase". Ken always has a display case with several openers and small breweriana items for sale. Well I start checking out the display case and it becomes my turn to get one on Fil. The first opener that catches my eye is an A-27-1 Doelger. The price is \$32 as I get the opener out to look at it, Fil comments that he always gets the types with a gas key and without a gas key mixed up (types A-28 and A-29). Fil is thinking that the Doelger is an A-28 or an A-29. I offer Ken \$30 and he accepts. The A-27 is a fairly tough type and this one is in very good condition. Fil I want to thank you for not making a clean sweep. I also end up paying Ken \$20 for a D-3-22 Roessle (from Boston).

I checked out a few more rooms, turning up some miscellaneous beer and soda openers but nothing really good. We checked into our room and headed up the street for a quick lunch. Upon returning I started the room-to-room round again. I picked up several good openers including a P-24-9 Coors, a G-1-66 Greenway, a G-21-4 Northampton, an I-7-40 Strudsborg, and several soda openers. Later in the afternoon it was time to get down to trading business with Larry Moter. Larry had turned up a B-7-24 Consumers (Norfolk, VA) that I was really interested in, plus a P-44-1 Bartholomay, a M-2-19 Rising Sun. Larry is a "E" type collector and I ended up having to trade some good "E"s for the three previous mentioned openers. My three best were an E-UL-UL Orange Brewery (NJ) which was a variation of an E-21, plus an E-21-2 Ruff and a E-6-140 Jenner Springs Bob's Beer.

Blue/Grey Show at Fredricksburg, VA (February 16th-18th) (Continued)

I also ended up buying 5 soda openers (one of my current projects is a soda handbook and there seem to be as many different soda openers as beer openers). Later in the afternoon while I was "napping", Larry turned up an A-17-UL Anheuser-Busch Beer from a distributor in Vincennes, Ind. After some begging on my part Larry agreed to trade the opener. Since I was out of good traders at the show I handed over my inventory list of openers. After some haggling I ended up giving Larry an E-6-195 Oil City for the A-17. I have the majority of the E-6 PA openers listed and certainly did not want to part with the E-6 Oil City. Sometimes you gotta give to receive.

Friday evening was pretty slow and I spent most of the time in our room double checking results for the JFO Auction that had just closed. We turned in around midnight and slept in till 6:30 the next morning. Even though 8 inches of snow had fallen and Pat was worried about returning home, I kept reassuring her the trip would be no problem. The Blue/Grey has a Saturday show open to the public and it turned out to be an very good show considering the weather. I decided not to set up but just wander around. A few openers turned including a M-3-2 Bismarck in excellent condition and a P-19-UL Arnold & Co from Ogdensburg, NY. Harold and Boots Queen were coming to the show today and we ended up staying until 2:00 when they arrived. Harold brought me 60 more G-41s. He had gotten 40 G-41s last fall and I had sold all of them with the ad in the January newsletter. The original 40 were painted green, blue and white while these 60 are just base metal. In any event it is really a great looking opener with excellent detail. Harold and I did a little trading. He received a B-14-43 South Fork, C-13-69 Magnolia and a I-7-54 Manhattan while I got an A-18-19 Munich Malt and a E-8 Hires Root Beer. Finally at 2:30 we were ready to head south back to Durham. Thankfully the sun was out and roads were clear going back. It was another great show even if Fil did get the best opener.

As a little footnote the Stanley household has been pretty sad because on February 23rd our little Cognac (she was a Yorkie) passed away. She was almost 15 years old and as everyone told us had a good enjoyable life. She got to share one more opener expedition with her daddy.

"OPENER/CORKSCREW DISCOVERIES"

Omitted from the last issue were the findings of Harold Queen and Ben Hoffman at the Valley Forge Breweriana in November. Harold turned up a B-21-403 Consumers, B-21-440 Brownsville, B-24-68 Hofbrau, C-10-23 Yough, C-13-224 Michel and a M-3-33 Moose (unfortunately with no paint). Ben picked up an A-5-69 Atlantic City, a B-12-6 Lembeck & Betz, a B-2-23 Hazelwood and a M-3-40 Deer Park for his slide collection. He said all four were in really nice shape.

Dick Clark writes that he recently picked up a M-73 Kessler for 25 cents at a garage sale. That's a great find and in decent shape worth at least \$75.00. It doesn't happen very often but those great bargains are still out there.

Vic Keown writes that he recently found a B-31-Falstaff for \$5 and also found four O-4 Falstaff Beers at a local show. The O-4 is unlisted and the B-31 is a really tough type to find in beer and in any kind of advertising for that matter.

Spouse's Corner

DOs and DON'Ts for a Happy Convention: (Excuse the Assumption that Spouses are Female)

- DON'T** Ask your spouse to be ready at 3:00 a.m. to get on the road early, before Phil Graff beats you to an opener.
- DO** Let your spouse take bathroom breaks on the trip, as often as asked without moaning and groaning.
- DON'T** Tell her she has to pack lite, so she can carry your collection through the Atlanta airport.
- DO** Encourage her to run through the airport, so Phil Graff won't get there first.
- DON'T** Ask her to come back from shopping early to go to the Brew Pub to be part of the group lunch, then not show up yourself.
- DO** Tell her you love her, every time you are lucky enough to *even notice* her presence.
- DON'T** Let someone in to finish a trade, when she's held hostage in the bathroom in a sexy nightgown she was crazy enough to bring to convention.
- DO** Talk about something besides openers/corkscrews at dinner (might be wise to find out what she has been doing, like what all she has purchased that fun day).
- DON'T** Ask her to bring back take-out for you, when you could be any of a million different places.
- DO** Promise her a vacation without any flea markets, just designer outlet malls.
- DON'T** Try to hide the charge card statements after convention, she'll find out somehow (maybe by reading the next JFO newsletter or by how many openers are being cleaned in the laundry room)
- DO** Thank her for coming to convention with you, that you would miss her so much if she had not been there.
- DON'T** Drop all the luggage inside the door for her to deal with upon return to your "home".
- DO** If YOU don't want DO-DO, DO all the DOs and None of the DON'Ts

Spouse's Corner (Continued)

In my work, I analyze what people do, how they do it, and how it could be done better, *if* it should be done.

At JFO and other related conventions, I have observed that spouses "Watch the Room". Often they can't do it very well, as they really don't know enough about the merchandise, and probably don't have any authority to adjust the price, much less trade.

It could be done better, if the spouses became walking "handbooks" like the collector, but it is highly questionable if that should be done. With that knowledge, they might realize the real value and make a deal, while the collector is away, then use the proceeds before their return. (Bet they could knock out their wish list, real fast.)

Before a recent conversation with a room watching spouse, I had concluded that spouses should not be confined to their room. But after hearing a very vivid description of this job, my conclusion is set in stone.

Words can not convey, the deep emotion that overflowed from this spouse. To her, conventions and shows are not fun, in fact, something quite dreadful. The room is like a funeral parlor, with people coming in, often without speaking, leaning over the collection, like someone looking at a dead body....all that is needed to make the scene complete, is a couple of bouquets of flowers. (Spouses better not supply flowers.)

Perhaps the collectors should post a sign on their door, stating when they will be there, so interested parties can come during that time. Their spouses may show up then too!!!! A good time to catch them to see if they plan to eat supper with you, get another credit card and the keys to the car.

JFO MEMBER _____

WILL HAVE THIS ROOM OPEN FOR VISITORS:

DAY _____ FROM _____ TIL _____

DAY _____ FROM _____ TIL _____

DAY _____ FROM _____ TIL _____

DAY _____ FROM _____ TIL _____

MY SPOUSE IS OUT HAVING FUN TOO, FOR S/HE IS THE MOST VALUABLE FIND IN MY COLLECTION.

If a collector is in the middle of a "Norm Jay" trade, when their room must be opened, they must promise not to move any of the pieces in the intense Chess Game, until both parties can be present. (The next move was probably hours away any way!)

Just For Openers Auction Guidelines
--

Please Note: No Commission Is Charged For Any Openers Consigned

This auction is a service to members of JFO. Consignments can consist of up to 20 openers (of course if you have more than 20 nice openers and/or corkscrews for the auction, I would consider auctioning the whole lot). I would appreciate anyone wishing to submit openers for the auction that they write me first. Include a list of openers you wish to auction along with a condition for each item. If you wish to auction an item with a value of over \$50.00 I would be willing to place a reasonable minimum bid on the item. Any openers submitted for the auction should have a minimum value of \$5.00. I presently have many less than \$5.00 openers available for the auction. Money received for your openers is sent to you within 3 to 4 weeks of the closing date.

Please Write First Before Sending Consignment Material.

Remember to bring a Display to the Convention

Don Bull & John Stanley Trade/Want Lists
--

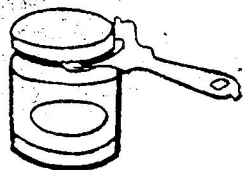

Don Bull has decided to trade off his One-Of-Type opener collection. He is looking for unusual corkscrews. See his enclosed letter and trade list. A lot of very rare types are listed.

I have also enclosed my latest want and trade lists. For new members this is probably the best way to let people know what you are looking for and what you have for trade. If possible always use the Handbook identifying type and number along with the "keyword" description (keyword is the brewery name or brand listed on the opener or corkscrew).

February 1996

Dear Fellow Collector:

As you know, John Stanley conducted a mail auction of a major portion of my opener collection last year.

I retained one of each type of beer advertising opener in my collection (a few exceptions where I was particular fond of the type: M19, M3, O5, etc).

Then someone came along and had a corkscrew I really wanted to add to my corkscrew collection. He wanted one of my types. The temptation was too great and the deal was done. After succumbing to another temptation recently, I have now decided to dispose of the rest of my opener collection. I will entertain trade offers of corkscrews (they don't have to be beer), beer advertising letter openers and beer advertising knives.

I already have 4000+ corkscrews, 500+ beer advertising knives and 40+ beer advertising letter openers. To find something I want and don't have can be a difficult assignment. Nevertheless, if there is a type you need from my collection, I'm sure you can find something I need. Tell me what you have and let's see what we can work out.

My type list is on the reverse side of this letter. You will note that many of them are catalog #1 for the type. Many of these were pictured in my 1978 book *Beer Advertising Openers* where it all started. Opener E-9 #2 was my first find. I'll probably keep that.

So go through the list soon and if there something you need, let me know before someone else does.

What do you have for me?

Regards,

Don
