E-26-1 Virginia Brewing Co. Roanoke Va.

Since next April's convention is being hosted by Larry Moter, then I have to start showing wire openers. Several tough wire openers are from the state of Virginia one is the E-26-1. I found this one about 15 years ago at the Hillsville, Va Labor Day flea market. A dealer from Roanoke wanted \$25 and just before I left the show I offered him \$15 and we settled on \$20. A lot of money at the time for a wire opener and being in average condition.

2002 Convention Fredericksburg VA (24th JFO Convention) (April 24th-30th, 2002)

Convention registration will be in the January issue. Please make plans to attend. I can never say it enough times. The JFO Convention is the best place to find openers and corkscrews. Don't miss all of the action, excitement and camaraderie. Make your plans now for Fredericksburg, Va.

Members Update

Harriet Waldo underwent a very successful breast cancer operation the first of June. Within three weeks she was able to make a long trip to Montana for a family reunion. She is doing great and wants to pass the word along for all women to have regular mammogram check-ups.

Art and Eileen Johnson have endured double trouble. First Eileen broke her hip and some ribs in a fall at a friends' house in early July. She had hip replacement surgery and is recovering slowly but surely. Upon her return home, Art had a bicycle accident and cracked his tail bone. He did not require surgery but they both needed close family attention for a few weeks. Art is recovering slowly also but is just about back at full speed. As Art and Ollie Hibbeler keep reminding me, "it is hell getting old".

Members Update (continued)

Another longtime JFO member, John Goff, passed away in August. Ollie Hibbeler was kind enough to write a nice article about one of the "regulars". Our thoughts and prayers go to the Goff family.

On a much brighter side, Dave and Shari Lendy welcomed a new baby boy into the world on May 3, 2001. His name is Jack and Dave reports that Jack is mad because Dave is not finding enough new openers to satisfy his appetite. He has asked Uncle John (me) to help but I have helped all that I can so please send your extras to Jack and Dave. Congratulations Shari and Dave! Hopefully you can bring the new addition to Fredericksburg.

John Goff (by Ollie Hibbeler)

I first met John Goff in April of 1980. That was the first JFO show he attended. I remember as I was the host of that show. He was then as always, just a very pleasant laid-back fellow. He did not aggressively pursue his openers and corkscrews. If they came his way – o.k. If not there was always another day. He was also a longtime collector of many things. As a life-long lithographer, his print collection was outstanding. He was also a very accomplished artist. He single handedly painted the scenery every year for many years at the St. Louis Lion's Club annual charity show. After a short illness he died of a heart attack caused by complications from cancer at the age of 74 (Aug 12). He will be missed by his wife Jay, 2 children and fellow St. Louis area JFO members. May he rest in peace.

The Story of My Opener Collection by Mike Krejci

Back in 1988 my grandfather passed away. While helping to sort thru things I became aware of different brewery advertising on some openers I had found. So I decided to save them and see how many different ones I could find. There were about a dozen. Over the next months I found a few more never dreaming there were thousands of different ones. Then one day I decided to visit antique shops looking for pig shaped cookie jars. In the process I discovered openers. Well my collection grew rapidly! Being that I drove truck, many shops in the eastern part of the country were visited. Then one day I was at a shop in Florida with my mom. The owner mentioned that he heard of a club that was devoted to opener collectors. He couldn't find the information and suggested I stop back. But before that happened my mom found the JFO website and mailed me a copy of the membership application. A number of nice openers were added thru the club auction and from members who had openers for sale.

After a few months in the JFO club, I received a letter from Art Hanson in Duluth, Mn. He stated that his collection was up for sale. He wanted to sell the entire collection for one money. I was not real interested until I talked to him on the phone and my curiosity was aroused. A friend talked me into going to look at the collection. Well, I ended up buying about 2,000 openers for a very good price! The best one in the deal was a N-8-1 Schuster. There were quite a few beer ones that I added to my collection, along with some soda, foreign beer and misc. ones. Then ----

I was dead set about using computers. Well again history was in the making. A friend convinced me to try the Internet by going to the library and using their computers. Our local library has several for free use by cardholders. The first few times were frustrating to say the least.

The Story of My Opener Collection by Mike Krejci (continued)

But I stuck it out and got good enough that once in awhile a choice opener was mine by being able to outbid certain people. No names come to mind. (But the initials John Stanley do). Many nice openers have been added to my collection.

Then one fateful day in April of this year, I arrived in St. Joe, Mo. I was able to once again add some nice openers to my collection. I was even able to add a nice Wisconsin opener by outbidding a certain person.

When my collection first started my goal was one hundred different openers. That goal kept changing so at present the goal is 2,000. I'm getting close! And that does not include non-beer and foreign ones I have.

Editor's Note: Yes Mike takes advantage of me on eBay. He beat me out on a B-31-UL Blatz opener and I got an email from him. His reply was, "Did you hear the air horn before I ran you over." Just think he causes me so much pain, and all because of some dumb piggy cookie jars. Oh well, he is still a nice person and a great addition to the JFO club. Thank you Mike for taking the time to write your bio.

More Collector Bios

Another recent rejoin, Craig Green, wrote the following letter to me. It's been almost 15 years since I read a JFO newsletter (seems like yesterday). I was a member from the late 70s-mid 80s (the Bull/Kaye era) and was fairly active. The mid 80s brought college graduation, family and work and openers went on the backburner for a while. Even though I sold the bulk of my collection to Chris Quimby years ago, I kept my Northwest Pacific openers and Rainier pieces and have added a few over the years.

I now buy/sell record albums/45s full time and travel a lot (500-1000 miles each week) searching for them. I do run into openers from time to time, and talking to my old friend John Cartwright has refueled the interest. I believe I have some unlisted pieces which I will document after I receive the new Handbook. I also plan (once I find some of the lost boxes in storage) to auction a few of my spare openers in the future as well. Thanks again.

Editor's Note: Thank you, Craig, and good luck in your search for records and openers. Craig is Recordmonger on eBay and has recently been selling some openers.

Openers and Corkscrew Still Turn Up At Shows

Ben Hoffman attended the Stoney's Show in Western PA in August and came away with the following, C-2-5 Pittsburgh, C-10-31 Elk, C-13-276 Windber, E-6-90 Trenton, E-8-30 Wayne, F-5-13 Commercial, M-7-1 Duquesne and a N-11-4 Stoney's. There has to be a correlation between being a super nice person and finding great openers.

A.B.A. 20th Annual Convention Charlotte NC (June 13-16 2001) by Ollie Hibbeler #149

Left home Tuesday morning. Made it to eastern Tennessee by that evening. Wednesday morning we arrived in beautiful Maggie Valley, N.C. to stay the day and night with some retired friends from St. Louis, Mo. who have moved to a new home at 4,000 ft. elevation above the valley. This was a fun day as he drove us over logging roads at even greater elevations in his jeep.

We arrived at the A.B.A. show Thursday at 2:00 P.M. We immediately found out that the Adams Mark hotel elevators were so slow that you could have taken a nap waiting for the cage to arrive. They also had attendees scattered from the third to the fourteenth floor. The hospitality room was smaller than our deck at home. We made the best of it. The state of Wisconsin hospitality nite that evening was crowded but enjoyable. "The "CHEESEHEADS" were in rare form.

Friday morning I participated in the FULL BEER BOTTLE SWAP. I traded 6 local micro brewery bottles for 6 others. Never too old to act like a kid!

Friday afternoon Shirley and I toured Lowe's NASCAR Speedway. It should definitely be on your agenda someday. We did a 95 MPH lap in the tour van. Now I need to see a NASCAR race someday soon.

By Friday afternoon all of the JFO members seemed to have arrived. There were nine in all – Bob Post, John Stanley, Art & Dorothy Santen, Larry Moter, Tom & Karen Biehl & boys, Herb Haydock, Dave Gausepohl, and a member that I met for the first time, Ernie Thoms. JFO always seems to be well represented at any breweriana show. I went room-to-room from the 3rd to the 14th floor. Also went to bed tired that night. This is where I found most of my new openers. Listed are N-12-1 Becks, B-16-5 Owl Malt, Moosehead Guinness, O-4 Mission, several other sodas, 2 Coca-Colas, B-25-6 Gippis, B-8-9 Woolner's and some new ones that I didn't have.

Saturday I was set up by 7:30 A.M. Sold miscellaneous breweriana pretty good all day. Sold about 15 beer trays. Won nothing at the large raffle. The evening dinner was absolutely excellent. Throughout the whole show I picked up 24 openers, 9 of them being new styles. My Missouri that I purchased was a M-101-1 Budweiser, which has been a very elusive Missouri opener.

We left Sunday morning for a great six day trip along the whole N.C. Outer Banks. What a beautiful area! Visited with Marc and Pat Benjamin in Edenton, N.C. for an afternoon. What a fine collection of STYLES he has! Then on to the Stanley's for a pre-arranged stay where we viewed the MOTHER LODE of openers. I was impressed! I came away with a P-1 and a P-73 corkscrew that I didn't have. That John has a photographic memory and I had to trade a very, very good soda opener for them. I did get a "KICKER." We were treated like royalty and it was great to be chauffeured all over Raleigh-Durham. We took another four days to arrive home. Eighteen days on the road was enough. We were out of clean clothes and money.

P.S. Found more openers at flea markets and antique malls along the way. NEVER ENOUGH!

Editor's Note: Seems Shirley was not too happy about that portrait of her in the July issue. Well her "old man" as she calls him sure made up for it in our trade. That soda opener he traded me was "so rare" he could have gotten two from the same guy. I must admit the opener, a Coca-Cola wall mount, I have never seen another, but still he got my best wire corkscrews.

Spouse's Corner

by Pat Stanley, the Editor's Spouse

This issue certainly is being started on a different note. It is early evening, so John is actually awake as I write. But even more unusual, I came home earlier this afternoon, fixed a cup of coffee, finished reading the 1987 issues of the newsletter and my corner from July, then was so sleepy that I had to take a nap. My article put me to sleep, someone who might take 4 naps a year!

1987, what a year. My boss's boss was arranging for me to meet John Stanley. He had shaved his beard off at the Chicago JFO Convention and wanted to wait until it had grown back before calling me. Finally in late June we went out, the busiest time at work for both of us, both working long, long hours. The first time I went over to his place, he told me it was a little messy. The mess was neatly stacked playing cards, sitting outside a cabinet as he was reorganizing them. I do not remember seeing any openers, not a one. I think I was pursued like a rare opener, as he saw me every day and married me on October 18th, a very short courtship. Fourteen years later, there are a lot of openers in our home, a lot!

With time, the grout in the bathroom needs to be replaced. In the January 1987 issue it was stated that the "I" type opener is the fastest way to remove old grout. So, that should make this little chore for John very enjoyable!!

In the Opener Trivia, Bill McKenzie had drawn a real "church key" he found, it had John 6:37 engraved on it, "Jesus said, 'If any man thirst, Let him come unto me'".

Now I know why my family (from Canada) drank Seagram brand liquors. A poster with corkscrews was advertised in the January issue, available from Seagram Museum in Waterloo, Canada.

We have been thinking of Vic Keown a lot as we hear about all the brave firefighters at the World Trade Center and the Pentagon. Vic made a statement about JFO that was included in the April issue saying that he liked the closeness of the group. This close group will always miss him. The write up honored Captain Vic Keown by telling that his co-workers had recently honored him for his leadership by having two diamonds set in his badge. Vic had been hired by the West Overland Fire Department 25 years before that time because he "just hung out" until they hired him.

In the same issue Gary Deachman said that "Pursuing them will never get boring for me". Now, out of context, we might think he was talking about women, but we all know openers come before anyone or anything!

Bill McKenzie sketched openers that had a version of the inscription, "Drink Lemp St. Louis Beer. C.H. Reilley Dist'r.". He never could find out anything about the first one he acquired and traded it off. As time went on, he found two more. He wondered why he kept finding them, what association they could have with him. He figured maybe it was because Reilley is an Irish name and Bill was Scotch-Irish. I am too, along with English and French. Fine people indeed!

A Trivia challenge inspired Scott Williams to research the history behind one of his first acquisitions, an A-28 McInnerney. Frank McInnerney started business prior to the Gay Nineties and continued until prohibition came to Iowa in 1916, four years prior to the national prohibition.

Spouse's Corner by Pat Stanley (Continued)

His bar was 150 feet long, He had 12 bartenders, neatly dressed in black trousers, white shirts and black ties. The brass rail at the base of the bar was shined daily, as were the cuspidors. McInnerney was a stickler for cleanliness (a relative of John's probably) and insisted on the correct glassware for the drinks served.

In the April issue, Leon Beebe tried a unique approach. He said that the Federal Government had declared all type F-11, 12 and 13 and certain F-2 openers to be endangered. To help in the preservation of these openers, he said they should be forwarded to the undersigned, who will care for them in a warm, dry and loving environment, in Arizona. He did go on in a less self-centered request that everyone continue to look for FLOWER scene postcards with FLOWER FROGS depicted on them for our good friend Don Bull. After all, if they were easy, who would collect them?

A picture of a tray owned by Art Johnson was included in the April issue. Art and his wife Eileen had visited Ed Kaye the year before and given Ed a "B" type new discovery from Providence Brewery of Rhode Island. The next year they visited again with a picture of the tray which included that very opener in it.

Harold Kogut sent in some information for the April issue about patents. In the July issue, Ed reprinted patent information that was printed in the July 1982 issue. The information was the result of Don Bull's comprehensive research on beer advertising opener and corkscrew patents.

Opener Trivia challenged other club members to share information and they were always glad to do so. In the July issue, Ray Braeuner shared information about the "Middle West" and "Hombrew" Beer openers illustrated in the April issue.

I know that Don Sherman often visits relatives before/after his stop at the annual JFO Conventions. I did not know that he grew up in Quincy, Illinois and specializes in collecting Dick Bros. openers.

I asked John why he didn't go to the NABA Convention in Williamsburg, Virginia July 31-August 2, 1987. He said that he didn't go because my sister, Claudia, came for the week-end. Guess who was here last night and part of today?

The History of the Minneapolis Brewing Company was included in the April issue if you've been looking for it! It must have been a grand operation. The Minneapolis Brewing Company property was like a village in itself. They had everything they needed, even a cooperage (another name for barrel making and repairing department). A new word I can use at social events! They had some automated equipment too. Beer was delivered by wagons and teams of horses. These noble animals were given kind treatment and extreme care. It was a sad ending to read that this company closed due to increased national competition.

October 1987 Issue. This is the issue John was studying to keep his mind off the upcoming wedding! It is appropriate that it included an article by one of our dear friends, Joe Young. In the July issue, there was some incorrect information stating that the tin can was invented in 1823. Now Joe Young is an expert in this area, so he sent Ed an article he had written three years before and the article was included in JFO again. Of course with the invention of the tin can, we needed can openers. To quote Joe, "But the tantalizing prospect of devising a perfect can open has kept thousands of inventors awake at night since the tin can became known. Over 1200 patents on can openers have been taken out in the US alone."

Spouse's Corner by Pat Stanley (Continued)

I liked Donald Tupper's contribution to the October issue:

From education comes knowledge.
From knowledge comes interest.
From interest comes participation.
From participation comes commitment.
From commitment comes dedication.
From dedication comes enthusiasm.
From enthusiasm comes growth.
From growth comes progress.
From progress comes education.

Attend the Annual JFO Convention in Fredricksburg, Virginia next April to see this entire quote come alive. This describes a JFO member so perfectly.

So many times have I seen John come home, exhausted from the problems of the day, make a 360 turn around when a club member calls and the conversation is filled as he shares his knowledge with enthusiasm, showing his undivided interest in the caller. We know John participates in this wonderful club, has a deep commitment, lots of dedication, certainly has grown and become very well educated. And all this has shown progress in his accumulation of openers!!

From being a spouse in JFO comes wonderful friendships.

Editor's Reflections on ABA, ECBA and NABA

Ollie summed up ABA real well. I just don't know where he found all of those openers. Art Santen got the best opener there, a new "M" discovery that is a P-9 without the corkscrew from Omaha, NE. I did room with Bob Post and he is a heck of a nice person. Great time, just not much in the way of openers except for some trading with Larry Moter.

ECBA in Lowell MA was a pretty good show. As usual Ken Ostrow had some "good ones" for sale. I did some pretty heavy duty trading with Larry Moter and then Tom Atkinson. Pat was along on this trip, so we toured Boston, and visited Art and Eileen Johnson in Vermont. But I spent most of my time making three trips to summer Brimfield Flea Market. I did find some beer openers but my better pieces were can openers. Corkscrew hunting saw really fierce competition, as several advanced collectors and two dealers competed for whatever was there (and I didn't see many good ones outside of what the two dealers had for sale). Great weather, nice show and a really fun trip.

NABA was in Ann Arbor MI and the chairman was JFO member, Jim Kaiser. I did fairly well selling some openers but did not add many to my collection. Most everyone was looking for local Michigan openers. The best opener I found was a M-3-6 Standard (Yellow) in VG condition at the Saturday but I promptly sold it to Harold Queen who only needs 4 others to complete his slider collection by brand and brewery. Once again after the first day the weather was great, a lot of JFO members in attendance and a nice walk through crowd at the Saturday show.

Editor's Reflections on ABA, ECBA and NABA (2002 Shows)

Next years conventions for ABA will be in Reno NV, for ECBA in Frederick MD and for NABA in St Louis MO. If you have the chance, try to attend these shows especially if you collect advertising in general and certainly if you collect any other kinds of beer advertising items.

"Opener & eBay Trivia"

Maybe this quarter eBay slowed down some, but not really. It slowed down for me but the good openers and corkscrews just keep showing up.

On the corkscrew front prices remain fairly strong though the 1917 "U-Neek" has now appeared many times and always sells for less than a \$1000 now.

Dreadnought	\$4,550	Qvarnstrom 1892 Patent Mint	\$1,136
Tucker (1878) (3 Finger)	\$3,589	Woodman (1886)	\$1,052
Burgess & Fenton	\$3,001	Kupper Bier (1894)	\$921
Syroco Golden Knight	\$1,800	Curley (Mar 22 1884)	\$843
Tucker (1878) (2 Finger)	\$1,775	U-Neek	\$730
Fancy Columbus	\$1,546	Rotary Eclipse Barmount	\$721
Greely in Original Box	\$1,285	Mumford (1892)	\$458

On the cast iron front, two notables were the F-122 Dodo Bird for \$455 (VG) and the F-36 Patty Pep for \$670 (EX). As always the common cast iron openers are always available but not much in the way of really desirable openers were on eBay this past quarter. One exception was the R-8 Kaiers wall mount which brought \$917.

Opener prices that jump out include several Coca-Cola openers, especially figurals and N-29 Starr Brothers Coca-Cola bullet pencil. B-2 brass openers saw high results with nice condition contributing to the high bids. The B-18 Pepsi-Cola was the sought after Pepsi "B" with script letters and double dots. Starr wall mounts never slow down and bargains rarely occur. The O-5 Schlitz is the fifth one I know about and certainly the highest priced one so far at \$455. The Starr "Long-Necks" are even popular in non-beverage openers. Be ready to open your wallets if you are going to compete on eBay for these. Rarity does not contribute to the high price as much as demand. It sure surprises me to see an O-12-1 Pabst bring \$191 while "Frigidaire" and "G E" Starr openers bring just as much. Nobody ever said collecting makes a lot of sense.

Beer advertising corkscrew knives were out of sight for the right "A-B" knives. Beware!!! A northeastern company can now replace or put back stanholes in knives with damaged or missing viewers. Two P-38s were advertised as 1892 World's Fair knives. Possibly but I have never heard of them before with Stanhope views of the Columbian World's Fair. Be very careful. I bought the P-35 Stroh's barmount and ended up selling it to one of the Stroh's heirs who placed it in the official Stroh's collection.

Ollie Hibbeler found a very interesting A-13 Car with the following ad, "You Auto Drink "Gotter Trunk" At Otto Brick's". Now when Ollie first told me, he said he had found an unlisted beer car opener. Does anyone know if "Gotter Trunk" was a beer, soda or what kind of beverage? Either Ollie has a \$10 opener or a \$100 opener. Your information can make him \$90 richer and his wife, Shirley, \$90 more dollars to play the slots.

JFO Fixed Priced Sales List

It started out that we were going to buy a new house. Then the tragic events of September 11th made us change our minds and wait. I had also decided it was time to "thin out" my collection. A list was sent in two parts to many members with emails. These were sent the first of September and what follows is the 1000 openers that are still for sale. About 250 were sold in the initial two offerings. Anyone interested in any of these openers or having questions please call (919-419-1546), email (jfo@mindspring.com) or write PO Box 64, Chapel Hill NC 27514. Columns are JFO #, Description (wording on opener), State (if known), Grade (see auction guidelines), and finally the Price.
